

Progress Report: PhD Research Project

INSTRUCTIONS

This report is one of your contractual requirements of your PhD scholarship and relates to the period since your last progress report. If this is the first report to Arthritis Victoria since your initial application, please report on your progress up to 1 June this year.

The information collected in this report will be used by Arthritis Victoria to monitor the scholarship and assist in planning for Arthritis Victoria's programs and activities. Any details you provide regarding your project will remain confidential, and will only be reported beyond Arthritis Victoria staff and donors in aggregated statements regarding our overall research program.

If you have any questions, please call: Ornella Clavisi, Musculoskeletal Research and Knowledge Manager at (03) 8531 8006 or email at research@arthritisvic.org.au.

The report should be sent by email to research@arthritisvic.org.au . Please refer to your Funding Agreement with Arthritis Victoria on when Progress Reports are due to Arthritis Victoria.

PROJECT DETAILS

Scholar Name

Research project title

Date form completed:

PROGRESS REPORT

- 1. Please list the aims/objectives of this research project including the project summary in lay terms [as indicated in the original proposal].**

- 2. Describe any significant changes to the project since your last report to Arthritis Victoria. Include any changes such as the aims, research methods, consumer involvement, participant selection, data collection methods and analysis or supervisor.**

3. What were your research plans and objectives for the period covered by this Report?

(The answer should be consistent with the original proposal or the preceding Progress Report.)

4. Did the research project proceed as planned? What have you achieved over this period? Outline the main outcomes and results of your research to date.

5. Have you experienced any obstacles that have affected the progress of the research project?

Yes No

If yes, please provide details

6. What potential obstacles do you foresee before the next Progress Report?

7. If applicable, how many articles relating to this research project have you submitted for publication, which are still under review?

8. Have there been opportunities for knowledge translation or dissemination of existing results outside of peer review journals, or has your research generated other media attention? Please provide details:

Type of activity	Number of times	Details
Presentations at conferences		
Television, Radio or Newspaper		
Others (please specify)		

Please asterisk () the relevant items where Arthritis Victoria was acknowledged as the source of funding for your research project.*

9. How have you involved consumers in your research project?

10. Has there been any commercialisation arising from this research project?

11. What are your research plans and objectives, including publication plans for the coming year?

(Please note that in your next Report, you will be asked to report progress against these plans and objectives)

12. Do you have any other suggestions or comments relating to this research grant?

CERTIFICATIONS

Certification by the Scholar and Supervisor

We certify that:

- All details in this report are true and complete and that this is an accurate Progress Report for the period covered; and
- All Investigators and Fellows participating in this Research Project have agreed that this Report is an accurate representation of the current progress of the Project.

Scholar's Signature _____

Date ___/___/___

Supervisor's Signature _____

Date ___/___/___

Note: Arthritis Victoria accepts electronic signatures or you may post a hardcopy to follow the submission of this report by email.

Thank you

Remember

The completed report should be sent by email to research@arthritisvic.org.au

Refer to your Funding Agreement with Arthritis Victoria on when Progress Reports are due to Arthritis Victoria.

If required, you can post a hard copy to:
